

TABLE OF REWARDS

13/07/2021

Most of my referrals are now inactive. But each time, I must check one by one all referral's statistics.

To be faster, during the next check, in august, all inactive players will be not checked for next checks. I will check all accounts in december in case of an inactive came back or if an inactive asks me to do.

No panic : I save all statistics. An inactive player can always asks me his reward.

Look the yellow column to know how PEDS you earned for moment 😊
